**MORE TESTIMONIALS**

**MRS. MANCHESTER.**

It is constantly receiving unsolicited testimonials from the astonishing cures performed by her. Many recently received are the following, which I commend to the notice of the afflicted. Mrs. Manchester may be consulted at

A CASE OF SPINAL DEFORMITY CURED.  
This is to certify that I went to see Mr. Manchester last March with a daughter of mine troubled with spinal disease, for which she had been deformed five years, and by a number of physicians who kindly said she has had twenty-one applications of electricity applied, but all to no effect; but she usually grew worse. I came to the conclusion the last resort, to go and see Mrs. Manchester, who did so, and my great-granddaughter was cured of the disease, and how she had been freed from pain, which encouraged me to try her medicine. I did so, and now my daughter is able to care for the house all of the time. She also rides ten miles without any trouble or inconvenience. I think it a short time she will be restored to perfect health. Since my daughter has been doctored here, one of the greatest many cases that Mrs. Manchester has cured. I thank you very much for your courage, it is the way we wish to preserve the life of the sick and suffering; and I know that she can carry every effort which lies in her power to benefit patients.

**ONE OF THE GREATEST CURES ON RECORD.**

MRS. MANCHESTER—Dear Madam.—Thank you very much for your kind letter. I am glad that my case may be of service to others similarly afflicted, I hasten to give it to you.

I was seriously and long ill about three months ago with the Liver Complaint in a very form. I applied to four different physicians, but received no benefit until I called on you. At that time I gave up business, and was in a very bad way, but after taking your medicine for a short time I began to recover, and in two months I was well, and had gained several pounds of flesh, can easily say that by your skill I am a perfectly healthy woman.

Yours truly,  
MRS. MARY DAVIS

**A REMARKABLE CURE OF A CASE OF DIARRHOEA,**

CURED BY MRS. MANCHESTER'S

"The purity that has been attained by me since Droopy of fifteen years standing by Mrs. Manchester's medicine." I have been a physician in Boston, New York, Philadelphia. They all told me that they were unable to cure me, and that I must go to another place.

sured me that by tapping I could live but a time. I had made up my mind to go home, and as long as I could with the disease, and then die. I was not at all afraid of death, and I was a friend of mine, and told them what my reply was regard to my disease. They finally persuaded me to go and see Mr. Mascherone. She examined me, and said my case was not serious.

I was so much astonished to think that she was correct, that I told her that I would take her advice, and having the belief that they would cure me, or that I would die, I did not care from any cause whatsoever; finally I took the cure and went home. I was one week from the commencement taking the medicine. I had over a hundred letters from my friends, and I saw how sufferers may be assured that it was a great one to me. I had not been able to lie down in the night before for two or three days. Now I can sleep as long as I please. I have been well for eight months, and am as well as any man could be, and no signs of dropsy. I would advise those that are sick to go and consult Mr. Mascherone.

stolans. I have sent her a number of cases of disease, and she has cured them also. Go as far for yourself. I had no faith, but now say what she has said in her own words, and you will be cured.
